Group, Corporate Affairs & Legal Office  
(Telephone: +81-03-6373-1111)

## Financial Assistance from the Nuclear Damage Compensation and Decommissioning Facilitation Corporation

Today, TEPCO received 12.1 billion yen in grants from the Nuclear Damage Compensation and Decommissioning Facilitation Corporation (“NDF”) according to the Special Business Plan, the modifications to which were approved on January 26, 2026.

We have previously received a total of 188.9 billion yen as indemnity payment according to the stipulations in the Act on Contract for Indemnification of Nuclear Damage Compensation and 11,483.2 billion yen as grants from the NDF. We requested funding of 17.1 billion yen for the 167th time, seeing that the compensation we were about to pay by the end of April 2026 would exceed the total of these amounts. The amount we received today is the grant allocated for March.

The funding request for April will be disclosed later.

With the financial assistance from the NDF, TEPCO is determined to work with each and every one of those who were affected by the nuclear accident with understanding and compassion for them.

Please visit the website below for details of compensation payments (e.g., compensation request for nuclear damages and amounts paid, trends in the total sum of compensation, agreed amounts for each item.)
