

<Marine Organism Rearing Log>

9 AM, October 12, 2022

Weather: Cloudy

Water temperature: 19.6°C

Week 1 since the start of rearing in ALPS treated water added seawater, we harvested samples to verify tritium concentration in muscle tissue (OBT). We are taking samples every Monday this month and the beginning of each month from November. From now, we continuously verify OBT concentration will be equilibrium status.
