

<Marine Organism Rearing Log>

9 AM, January 4, 2023

Weather: Sunny

Water temperature: 17.6°C

Happy New Year to everyone.

We will try cultivating seaweed, testing and other missions.

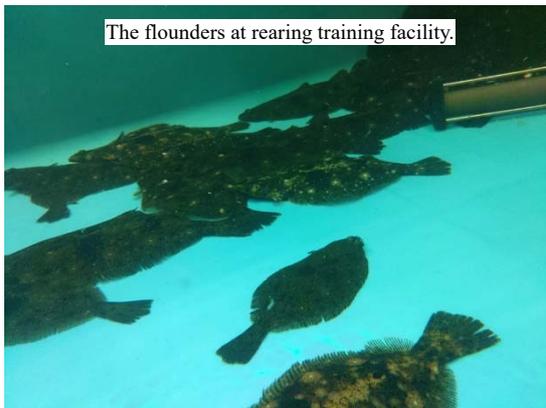

Also, we will post not only observation record or any awareness of the flounders and the abalones, but also knowledge on our rearing log.

Please keep an eye on our Marine Organism Rearing Log in Year 2023.

Happy New Year  
2023

The first sunrise of Year 2023: Shinchi Machi (The home of the flounders at the rearing facility)

The flounders at rearing training facility.

The abalones at rearing training facility.
