

<Marine Life Rearing Log>

9 AM, September 29, 2023

Weather: Sunny

Water temperature: 18.6°C.

Tonight is the harvest moon of mid-autumn. Soon it will be one year since we started rearing marine organisms in seawater to which ALPS treated water has been added. Starting next week, we will compare conditions one year ago with how they are now.

<Next report will be on October 2>
