

Date: ____/____, 2012

To:

The Tokyo Electric Power Company, Inc. (hereinafter “TEPCO”)

Subject: Handling of the TEPCO’s specification in connection with the request for comment
(hereinafter “RFC”)

We hereby receive the specification for Electronic Enhanced Weather Resistant Ordinary Watt-hour Meter (for direct connection) (hereinafter “Specification”) and pledge to abide by the following terms and conditions:

1. We undertake to treat as strictly confidential and not to divulge to any third party, directly or indirectly, the contents of the Specification.
2. We shall make no use, directly or indirectly, of the Specification furnished hereunder for any purpose other than RFC.
3. We do not file an application for any patent, utility model right and design right resulting from any invention, utility model, design which reflect or are based upon the contents of the Specification.
4. Upon request from TEPCO, we shall promptly destroy or return the Specification to TEPCO.
5. If the Specification includes patents, utility model rights and design rights which we own, we grant vendors the licenses on these rights to supply meters pursuant to the Specification. Provided, however, that royalties and other conditions are decided by consultation among parties.

Sincerely yours,
